A black and white photograph of a large, weathered wooden cross standing on a dark, rocky cliff. The cross is made of two thick, rectangular beams. In the background, the ocean with white-capped waves stretches to the horizon under a sky filled with dramatic, scattered clouds. A semi-transparent dark band with a fine grid pattern runs horizontally across the middle of the image, serving as a background for the text.

***When you pick up the sword,  
you put down the cross.***
