Kevin and Kathy Johnson

Family and
Mission Update

With Andrew Perriman, our UK Director walking to a meeting in London in November.

Planting churches, transforming lives.

Mission News:

On a recent trip to London God surprised us with two new opportunities to partner with local groups in need of help with launching new vibrant communities of faith. We are thrilled to move forward already. People think of the UK as already Christian and not in need of new ministry, but sociologists and missiologists see it as 'post-Christian' and much in need of a new move of the Spirit.

Paul and Jordan are serving in Paris. They came to London for a day of planning and prayer over a new ministry they are expanding.

Family News: Kathy will be having knee replacement surgery early in the new year. Pray that all goes well.

Prayer Requests:

Pray for Alisha and Josh. They are new to Communitas and prepping to go to Belfast to begin a new work with us there.

Pray for our new work in The Balkans, especially that those we hope to raise up as a leadership team will catch the vision. And for a spirit of unity in Christ amidst a long history of regional tension.

Thank you and God bless!

Kevin and Kathy serve with Communitas International. www.gocommunitas.org
