

November 2020

Kevin and Kathy Johnson

Family and
Mission Update

Planting churches, transforming lives.

Mission News:

Despite the ongoing Covid-19 pandemic our mission work continued to be blessed by God. In some of our Eastern Europe countries new church planting is booming. We are working with 31 new projects in one country alone!

I (Kevin) continue to work remotely with another colleague developing a new sub-region for us: The Balkans. Pray for this diverse group of small countries as Carlton and I develop relationships with a number of locals who are part of a new move of God there.

Family News: Kathy and Kevin continue to work from home most days. Kathy is recovering from one broken bone in her leg and three in her foot. So far, all seem to be healing well.

Prayer Requests:

Pray for our field staff. The impact of Covid on their life and ministry is often more severe than here in the US. Living situations make restrictions more imposing.

Pray for Kathy's healing leg and foot and for no long term nerve damage.

Pray for Kevin and our other senior leaders as we serve our teams in unprecedented times, wherein plans change almost daily. And for our new initiatives in these Balkan countries: Kosovo, Serbia, Albania, North Macedonia and Croatia.

Recent protests in Belgrade, Serbia.
Above is a photo of Kosovo.

Kevin and Kathy serve with Communitas International. www.gocommunitas.org

Our website provides various online giving options. By mail you can send donations to:
