

SPRING BREAK - ON MISSION

April 2024

Our campus ministry vision:

The Whole Campus to the Whole World in this Generation

Beach destinations are still popular with college students. These spring break weeks allow us to train students to share the gospel with other college students who are hitting the beach for sun and fun.

West Chester University (in the Philadelphia area of PA) staff and students traveled to **Panama City Beach, FL**, for spring break. In just one week, 50 West Chester students, along with about 150 other students, initiated 1,246 spiritual conversations and saw 110 people indicate decisions to place their faith in Christ!

"This was the first time in my life where I was around a Christian group of guys, and I could truly be myself."

That's what Mason (pictured on the far right) shared at the Cru meeting at West Chester after returning from the spring break trip. In his words, *"I said that I was Christian, but I wasn't living out the Christian faith. I was drinking, smoking weed; doing all this other stuff."*

In **Antwerp** and **Leuven, Belgium**, Moody Bible Institute and Indianapolis area students went to campuses to share the gospel with Belgian students. The common reaction from the Belgian students surprised the American students: **"We've never heard people talk about faith and Jesus like you do."**

The trip impacted the students who went to share the gospel as well. One Moody student said, "Going to Belgium helped me clarify the call to missions God has been putting on my heart for some time now. After serving overseas for two years before this, *this trip in Belgium reminded me of the calling God has put on my life to be a minister of the Gospel outside of the US.*"
