

Our campus ministry vision:

The Whole Campus to the Whole World in this Generation

Hanni and I really enjoyed our time in Missoula, Montana. We attended a regional staff gathering as the keynote speakers. While there, we prayer walked the University of Montana, praying that God would send a new team to rebuild a campus ministry there. Hanni spoke to the hearts of our staff about the need to lay down strategies that hinder us from living in the freedom Christ has provided. This is so important because the best thing we can offer people is a life transformed by Christ’s power!

The Seven P’s of Managing Perceptions

Perfect: If I appear perfect, no one can criticize me
 Produce: I produce so they will think I have value
 Perform: I make myself into what others want me to be
 Peace-Keep: I stay small so no one can get angry with me

Please: I please others to earn love
 Protect: I keep my guard up so one can hurt me
 Power-over: I dominate & take control

FAMILY FUN: Lucas’s team won their season ending soccer tournament! Lyla and Lucy’s ballet company performed “Under the Big Top,” a circus-themed ballet recital. Our girls are so talented. Lia enjoys the spoils of being the baby - our spring break tradition is that everyone gets to pick their own pint of ice cream! (Something the other kids definitely did not get to do at the age of 6!)

LAKE TAHOE SUMMER MISSION - The very best thing Cru offers are our summer missions. The six to ten weeks students spend on a summer mission is worth more than a year of on campus discipleship. The students will arise to daily devotionals with their small group, then head out to a local job to both make some money and to minister to co-workers, and finally return for evening discipleship or outreach activities. Our whole family will join the staff team at Lake Tahoe for six weeks, June 6-July 17, our first summer mission in a decade! We are so excited!

In order to go, we need to raise \$6,500. Would you consider giving a special summer financial gift to help cover the costs? If you’re able, you can give online at give.cru.org/0523972

Pray for faith as students share their faith with co-workers and tourists in Lake Tahoe. Pray for students to surrender their lives to Christ and for some to be called to the foreign mission fields! Thank you so much for your prayers and support.

Adam and Hanni Go
